Subject: Re: Getting Signed EO and FR Notices to DOJ?

DOJ will need to attach copies of the full signed documents. Would it be possible to create PDFs of the full EO and FR notices after they are signed? I know this is burdensome when we are signing 100+ page rules, but these are short documents, so I am hoping that won't be too burdensome and would not take long.

(Eric - If you see another option, please let us know. For example, if we sent you unsigned versions that had the exact same pagination as what will be signed, and then sent you the page with the signature, would that work? My concern is that if there is some last minute re-pagination, then the signed page will not match the other pages that you have.)

Andrea -

Are you aware of plans to post or distribute the signed EO and FR Notices after they are signed this afternoon?

One of the steps today is for DOJ to file motions seeking to stay the various lawsuits concerning the Clean Power Plan and New Source Rule, and they will need copies of the signed documents to attach to the motions.

Ideally, we would get the signed EO and FR notices in PDF, and then we could email them to DOJ.

After the EO and various FR notices are signed, we need to get copies to DOJ to be used as attachments on the motions that they are preparing to file seeking a stay of the lawsuits.

Is anyone aware of a plan to get signed copies to DOJ?

Ideally, we get signed copies in PDF, which we then can email to DOJ.

Gentlemen,

Tuesday at 2 PM, POTUS will be signing and Executive Order establishing a national policy in favor of energy independent, economic growth and the rule of law. The event will take place at EPA headquarters. Please make sure that you principals are in place at the EPA no later than 1:30 PM. Presidential Advance, copied on this email will establish a hold room for use until the event begins. The event will last approximately 30 minutes and is open press.

Thank you to EPA for agreeing to host this important event. We are including Ryan Jackson on this email for his situational awareness.

Also, please ask your principal to prepare two (2) minutes worth of remarks. Listed below is the proposed event flow. A more detailed line by line will be sent as soon as it is prepared.

- President arrives at EPA and begins participation in event.
- The President meets with event participants to discuss the importance of the Executive Order.
- The President takes pictures with the participants.
- Brief remarks given by Administrator Pruitt, Secretary Zinke, and Secretary Perry.
- The President provides brief remarks about the Energy Independence EO and, more generally, about growing jobs through an America first energy policy.
- The President signs the Executive Order.

In addition to your principals, there will be numerous Members of Congress and private stakeholders in attendance at the event.

Please confirm that your principal will arrive at EPA headquarters no later than 1:30 PM and will be prepared to make two minutes worth of remarks.

Please do not hesitate to contact us with any questions.

Best,
Bill
